CHARACTER DEVELOPMENT

In addition to the linguistic development inherent in using Aquila FSL readers, the themes specific to the LECTURES ADOS series allow the teacher to discuss in class aspects of character. These aspects of character development are compatible with the objectives of the school, of the community and of society in general. More specifically, LECTURES ADOS deals with such character issues as:

- Respect for the environment (PLANÈTE EN PÉRIL)
- Anti-racism (DITES NON AU RACISME!)
- Coping with parental remarriage (S.O.S. MARIAGE!)
- The courage to face up to one's moral and civic duty (BRISONS LE CODE!)
- Anti-bullying (NON, AUX BRUTES!) etc.

Teachers will find in the readers of LECTURES ADOS a rich resource for discussion topics designed to assist students in the development of their own character in areas as diverse as conflict resolution, interpersonal relations, and the promotion of attitudes conducive to ensuring that school become and remain the safe and secure environment it was meant to be.

Help your students achieve their goals

Short, accessible texts feature low vocabulary and simple structures that will successfully reinforce your students' linguistic acquisitions and provide them with a rewarding sense of achievement.
