12 books, companion audiobooks (CDs) & new projectable audio e-books

NEW EDITIONS!

New editions re-written and re-designed for new curriculum cultural literacy requirements

LE FRANÇAIS CHEZ NOUS explores the rich tapestry of francophone life in Ontario. Written in authentic, easy French, the series introduces students to French as a living, breathing entity in the province.

A full-colour series of twelve cultural readers, featuring original artwork. Each set of four books takes place in a different Ontario francophone community. Each component of the series reflects a carefully-graded linguistic progression and is written in authentic, contemporary French.

LE FRANÇAIS CHEZ NOUS has been conceived with a dual purpose. In the first instance, the series responds to the need for appropriate reading materials to enhance the key goal of oral competency.

In the second instance, the intent of the series is to sensitize students, from their very first contact with French instruction, to the fact that French is a living, working language in Ontario.
